“The Mountains of Tennessee”

M. Malouf (Wings Of Dawn Music Publ. Co. ASCAP)

J. Barranco (Lady Teresa Music Publ. Co. ASCAP)

Verse 1.

If this is called livin' then I'd rather be dyin'

So I set out on my own

My wife has passed and the children are grown

And I'm nothin' but a rollin' stone

Verse 2.

Tyin' up loose ends said goodbye to my friends

And I told them I'd be fine

The times have changed and I'm feelin' the strain

So I'm leavin' it all behind

Chorus:

I travel the back roads in my worn out truck

Stop and talk to everyone I see

Ask for directions every chance I get

But I'm not really lost you see

I 'm just losin' myself in the mountains of Tennessee

Verse 3.

Through the wind and the rain all the tears and the pain

I'm a long long way from home
I'm seein' the sign and holdin' the lines
While your voice keeps leadin' me on

Verse 4.

The trees get taller as I climb a little higher

Then I fall down on my knees

It feels so good to see you Lord

In the mountains of Tennessee

Repeat Chorus:
